## EDUCATION

IIEK Delta 2008 – 2010  
*Computing and IT*

Geniko Lykeio Argous  
*Technological Direction -  
Information Technology*

## PROJECTS

**Blogify** – A blog platform built on MERN stack with full CRUD functionality, user authentication with JWT and protected routes.

*Demo:* [tinyurl.com/y6fn52q3](https://tinyurl.com/y6fn52q3)

*Source Code:* [github.com/Derbakias/blogify](https://github.com/Derbakias/blogify)

**Barup** – Cocktails web app to find recipes and check the bar stock. Made with React.js utilising the react router for the navigation, context API for state management and css transition group to give a user friendly animation.

*Demo:* [derbakias.github.io/barup/](https://derbakias.github.io/barup/)

*Source Code:* [github.com/Derbakias/barup-source-code](https://github.com/Derbakias/barup-source-code)

**StockBox** - Stock dashboard to display the prices of some popular companies using the Alpha Vantage API to fetch the data and visualise it with ApexCharts library. The user can choose between line / candlestick chart.

*Demo:* [derbakias.github.io/stockbox](https://derbakias.github.io/stockbox)

*Source Code:* [github.com/Derbakias/stockbox](https://github.com/Derbakias/stockbox)

**John-Hendricks-Group** – A website for a financial management service provider made as a showcase for a client, using bootstrap with fully responsive design.

*Demo:* [derbakias.github.io/John-Hendricks-Group/](https://derbakias.github.io/John-Hendricks-Group/)

*Source Code:* [tinyurl.com/y345hnsu](https://tinyurl.com/y345hnsu)

## EXPERIENCE

**Front-End Developer** *Sept 2019 – Present*  
*Oranger, London, UK*

- Developed and implemented the front end from prototypes to deployment
- Optimised the JavaScript of already existing websites to remove bugs and increase the overall speed.
- Communicated with the senior web developer on several projects throughout the whole development process.
- Learned many technologies under the instructions of the senior developer.

**Front-End Developer** *Aug 2019 – Present*  
*Freelancer(Fiverr - Upwork), London, UK*

- Communicate with the clients on their needs
- Created many websites / web apps on the highest standards
- Promoted the gig to social media platforms (LinkedIn)
